

Bill Analyser

Telecom expense analysis at your fingertips

Understand how your business uses fixed and mobile services

Bill Analyser is an online reporting and analysis tool that helps you control your finances by showing you your up-to-date telecom expenses.

The tool lets you look at your data any way you want to, department to department or employee to employee, so you'll have all the knowledge you need about your company's telecom spending habits.

And the best bit? You'll get Bill Analyser for free through our online self-care tool MyAccount for Business.

Service

- Offers four types of reports covering:
 - 12 historical months
 - Department spend, destination spend
 - Traffic type spend
 - Time Series spend
- Reports can be generated on three different levels:
 - Company
 - Departmental
 - Individual

Customer Benefits

- Obtain a powerful new intelligence tool to evaluate the company's spend on communications for both mobile and fixed services
- Understand call patterns per department and per employee
- Evaluate the cost effectiveness of the telecom spend and take corrective action
- Dedicated Account Manager to guide you in getting the best out of the tool
