

ePOS Solutions

Get fast, wire-free business transactions

Make sure your wireless devices are truly mobile

We believe handheld GPRS-enabled wireless devices should be fast, mobile and economical. Our ePos Solutions are designed with this in mind.

We apply world class security measures to ensure that your data transfers are secure. That's why we're confident that our ePOS solutions work best for your performance monitoring or transaction based wireless devices.

Service

- Mobility – no wires, and you can change locations as and when you want
- Security – secured and dedicated APN (Access Point Name) with end-to-end encryptions
- Cost Control – cost effective, predictable and affordable monthly fees

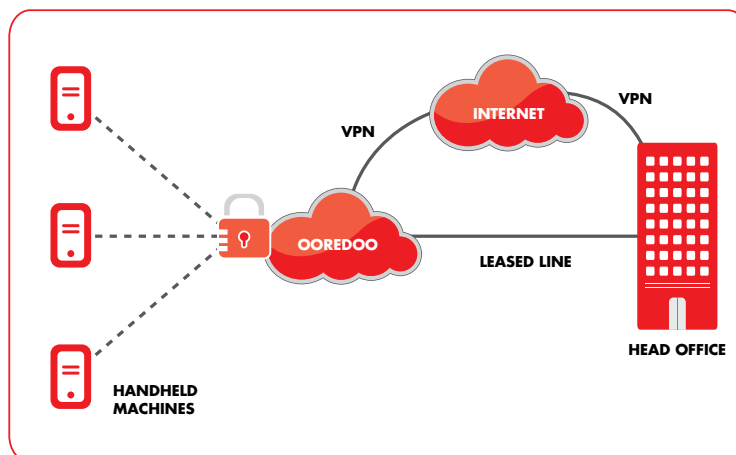

Customer Benefits

- Speed of service set up – no waiting for approvals or locations
- Mobility – ideal for businesses on the move
- Security – industry leading security to ensure the safety of your transactions
- Economical – bundled data for trouble free connectivity
- Dedicated Account Manager
