Product Offering

Voice Enterprise

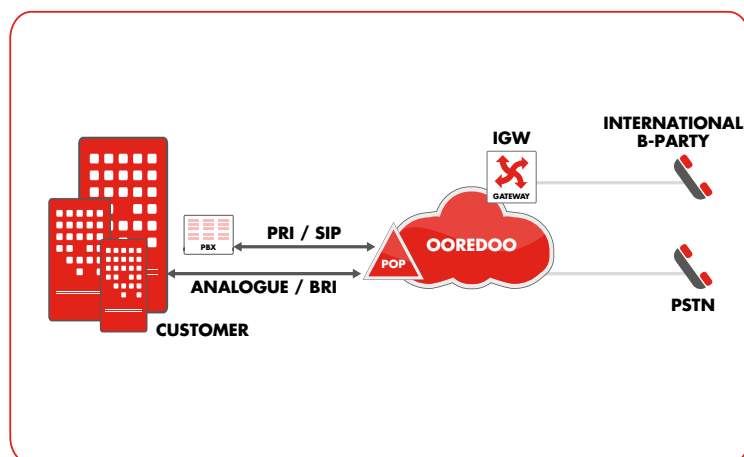

A corporate grade voice solution for enterprises with a PBX or IP voice server requiring multiple lines. Offered with a choice of two solutions, you can choose between PRI (Primary Rate Interface) or the unique SIP trunks (Session Initiation Protocol) solution that has been introduced to the market by us and is ideal for your IP PBX.

Voice Enterprise solutions will be delivered over a dedicated access using fibre or other high quality access technologies.

Voice Professional

Ideal for small businesses requiring up to 10 voice lines (analogue or ISDN). Enables phone calls and fax services using an analogue connection with optimum value for money. Voice Professional line can also connect to your dial-up POS terminal enabling retail outlets and stores to offer online card payment.
