Independent Auditors' Report on Review of Interim Financial Statements

To the Shareholders of Omani Qatari Telecommunication Company SAOG

Introduction

We have reviewed the accompanying 30 June 2024 condensed consolidated interim financial statements of Omani Qatari Telecommunication Company SAOG ("the Company") and its subsidiaries ("the Group"), which comprises:

- the condensed consolidated statement of financial position as at 30 June 2024;
- the condensed consolidated statements of profit or loss and other comprehensive income for the three-month and six-month periods ended 30 June 2024;
- the condensed consolidated statement of changes in equity for the six-month period ended 30 June 2024;
- the condensed consolidated statement of cash flows for the six-month period ended 30 June 2024; and
- notes to the interim financial statements.

Management is responsible for the preparation and presentation of these condensed consolidated interim financial statements in accordance with IAS 34, 'Interim Financial Reporting'. Our responsibility is to express a conclusion on these condensed consolidated interim financial statements based on our review.

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying 30 June 2024 condensed consolidated interim financial statements are not prepared, in all material respects, in accordance with IAS 34, 'Interim Financial Reporting'.

**NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2024 (UNAUDITED)****1 Legal status and principal activities**

Omani Qatari Telecommunications Company SAOG (the “Parent Company” or the “Company”) is an Omani joint stock company registered under the Commercial Companies Law of the Sultanate of Oman. In accordance with Royal Decree 17/2005, effective 19 February 2005, the Company was granted a licence to provide mobile telecommunication services in the Sultanate of Oman for a period of 15 years ending 18 February 2020. The Company’s mobile licence has been renewed for another period of 15 years starting from 19 February 2020 by the issuance of Royal Decree No. 3/2020 in February 2020.

In accordance with Royal Decree 34/2009, effective 6 June 2009, the Company was also awarded a licence to provide fixed line telecommunication services in the Sultanate of Oman for a period of 25 years. The Company’s activities under this licence will be installation, operation, maintenance and exploitation of fixed public telecommunications systems in the Sultanate of Oman.

The Company’s current principal activities are the operation, maintenance and development of mobile and fixed telecommunications services in the Sultanate of Oman.

The Company is a subsidiary of Seyoula International Investment W.L.L whose registered address is Ooredoo Building 25th Floor, 100 West Bay Center Diplomatic Area, P.O. Box 217 Doha, Qatar. The ultimate parent of the Company is Ooredoo Q.P.S.C. whose registered address is P.O. Box 217, Doha, Qatar. The ultimate controlling party of the Group is Qatar Investment Authority – the sovereign wealth fund of the State of Qatar.

During 2015, the Company acquired a 51% shareholding in Duqm Data Centre SAOC (“the Subsidiary”). The Subsidiary is registered in the Sultanate of Oman. The Subsidiary’s principal activities are data collection, management and operation of data preparation of other agencies on permanent basis. During December 2018 and 2019, the Company subscribed to additional shares in the Subsidiary. Because of this, the shareholding of the Company in the Subsidiary was increased to 71% as at 31 December 2019. The Subsidiary has started its commercial operations during 2019.

On 7 November 2021, the Company invested 100% shareholding in Gulf Tower Company SPC (“the Tower Co”). The Tower Co is registered in the Sultanate of Oman and its principal activities are carry business relating to wired telecommunications, maintenance of networks and renting of communication equipment. The Tower Co has not commenced operations as of 30 June 2024.

The Parent Company and its two subsidiaries together is hereafter referred as “the Group” and individually as “the Parent Company” or the “Company” and “the Subsidiaries”, respectively.

2(a) Basis of preparation

These condensed consolidated interim financial statements (“the interim financial statements”) of the Group are prepared in accordance with International Accounting Standard 34, Interim Financial Reporting and the minimum disclosure requirements issued by the Financial Services Authority [formerly known as Capital Market Authority (“CMA”)]. The accounting policies used in the preparation of the interim financial statements are consistent with those used in the preparation of the annual financial statements of the Group for the year ended 31 December 2023 except for the adoption of new and amended standards as disclosed in note 2.1 below.

The interim financial statements do not contain all information and disclosures required for full financial statements prepared in accordance with International Financial Reporting Standards and should be read in conjunction with the Group’s annual consolidated financial statements for the year ended 31 December 2023. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Group’s financial position and performance since the last annual financial statements.

The interim financial statements are prepared in Rial Omani (RO), rounded to the nearest thousand except when otherwise indicated.

The interim financial statements are prepared under the historical cost convention, except for the measurement at fair value of the cash settled share-based payments.

**NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2024 (UNAUDITED) (continued)**

2(b) Change in accounting policy

Except as described below, the accounting policies applied in these interim financial statements are the same as those applied in the Group's consolidated financial statements as at and for the year ended 31 December 2023.

The policy for recognising and measuring income taxes in the interim period is disclosed in Note 5 and is consistent with that applied in the comparative interim period.

2.1 New and amended standards adopted by the Group

Following are the standards that are effective from 01 January 2024.

- Amendment to IAS 7 and IFRS 7, Supplier Finance Arrangements.
- Amendments to IFRS 16, Lease liability in a sale and leaseback.

The Group has adopted Classification of Liabilities as Current or Non-current and Non-current Liabilities with Covenants – Amendments to IAS 1, as issued in 2020 and 2022. The amendments apply retrospectively for annual reporting periods beginning on or after 1 January 2024. They clarify certain requirements for determining whether a liability should be classified as current or non-current and require new disclosures for non-current liabilities that are subject to covenants within 12 months after the reporting period. Despite the change in policy, there is no current period or retrospective impact on the comparative statement of financial position as of 31 December 2023 and for the six months period ended 30 June 2024.

The change in accounting policy will also be reflected in the Group's consolidated financial statements as at and for the year ending 31 December 2024.

2.2 Impact of new standards (issued but not yet adopted by the Group)

A number of new accounting standards and amendments to accounting standards are effective for annual periods beginning after 1 January 2024 and earlier application is permitted. The Group has not early adopted any of the forthcoming new or amended accounting standards in preparing these condensed consolidated interim financial statements.

The Group is currently assessing the impact of the below not yet effective amendments on consolidated financial statements:

New standards or amendments	Effective date
<ul style="list-style-type: none"> • Lack of Exchangeability – Amendments to IAS 21 	01 January 2025
<ul style="list-style-type: none"> • Sale or Contribution of Assets between an Investor and its Associate or Joint Venture (Amendments to IAS 10 and IAS 28) 	Available for optional adoption/effective date deferred indefinitely

3 Use of judgement and estimate

In preparing these interim financial statements, management has made judgements and estimates that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

The significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those described in the last annual financial statements.

Measurement of fair values

A number of the Group's accounting policies require the measurement of fair values, for both financial assets and liabilities and non-financial assets and liabilities.

The Group has an established control framework with respect to the measurement of fair values. This includes a valuation team that has overall responsibility for overseeing all significant fair value measurements, including Level 3 fair values, and reports directly to the chief financial officer.

**NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2024 (UNAUDITED) (continued)****3 Use of judgement and estimate (continued)****Measurement of fair values (continued)**

The valuation team regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the valuation team assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of the Accounting Standards, including the level in the fair value hierarchy in which the valuations should be classified.

Significant valuation issues are reported to the Group audit committee.

When measuring the fair value of an asset or a liability, the Group uses market observable data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability are categorised in different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Group recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

5 Income tax

Current income tax

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. Taxation is provided in accordance with Omani regulations.

Deferred tax

Deferred tax is provided using the liability method on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on laws that have been enacted at the reporting date.

Deferred tax assets are recognised for all deductible temporary differences and carry-forward of unused tax assets and unused tax losses, if any, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carried forward unused tax assets and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Current and deferred tax for the year

Current and deferred tax are recognised in statement of profit or loss, except when they relate to items that are recognised in statement of profit or loss or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

The tax rate applicable to the Group is 15% (2023: 15%). Deferred tax asset/liability is recorded at 15% (2023: 15%). For the purpose of determining the taxable results for the period, the accounting profit of the Group has been adjusted for tax purposes. Adjustments for tax purposes include items relating to both income and expense. The adjustments are based on the current understanding of the existing laws, regulations and practices.

The income tax assessment of the Parent Company has been finalised by the Oman Taxation Authorities up to 2019. Income tax assessments for the years 2020 to 2023 are yet to be completed by the Oman Taxation Authorities. With regard to tax assessment for the year 2019, there were no adjustments (disallowances) to the taxable income declared by the Parent Company in the return of income filed. The assessment has been completed in line with the return of income submitted.

6 Basic and diluted earnings per share

Basic earnings per share are calculated by dividing the profit for the period attributable to ordinary equity holder of the Parent Company by the weighted average number of shares outstanding during the periods as follows:

	<i>Three-month period ended</i>		<i>Six-month period ended</i>	
	30 June 2024 (Unaudited)	30 June 2023 (Unaudited)	30 June 2024 (Unaudited)	30 June 2023 (Unaudited)
