(34/2009 and 17/2005 of the Sultanate of Oman (hereafter “Oman”), and provides access and interconnection services to its telecommunication operator customers, which enables them to interconnect their network with the Access Provider network and access certain electronic communication services on a wholesale basis.
- 1.2 Access Seeker is in possession of a telecommunications license in accordance with the laws of the Sultanate of Oman, and is desirous of interconnecting its network and obtaining access on a wholesale basis to electronic communications services from Access Provider and Access Provider has agreed to provide the Services to Access Seeker at the Charges and upon the terms and conditions of this Agreement.
- 1.3 This Agreement governs the relationship and understanding between the Parties regarding the Access and Interconnection of the respective networks of the Parties.

The Parties hereby agree as follows:-

2 INTERPRETATION, AND STRUCTURE

- 2.1 References to Acts, Royal Decrees, Ministerial Decisions and other legislation of any type shall include amendments thereto from time to time, re-enactment and any sub-ordinate legislation thereunder made from time to time.
- 2.2 This Agreement shall be governed by the provisions of the Telecom Executive Regulation and the Access & Interconnection Regulation (Decision No. 1152/2/10/2023 – 20).
- 2.3 Terms which are not defined in this Agreement -- shall have the meanings given to those terms in any regulations, decisions or other relevant legislation or decisions issued by the TRA or the Ministry of Transport and Telecommunications pursuant to the Telecom Act.
- 2.4 This Agreement incorporates by reference the attached Annexes (A to E) and any orders. In the event of any inconsistency between the documents, the following order shall take precedence: (1) any order; (2) the Annexes; and (3) this Main Agreement.
- 2.5 Once any improved/customized service is agreed and approved by the TRA, the same shall be published/included in the RAI0 in a manner that does not identify the Requesting Party.

3 ACCESS AND INTERCONNECTION SERVICES

This Clause shall be governed by Chapter Six of the Telecommunications Regulatory Act, Chapter 16 of the Executive Regulation issued by Decision No. 144/2008 (as amended) as well as the Access and Interconnection Regulation issued by Decision No. 1152/2/10/2023 – 20) (“A&I Regulation”).

- 3.1 The Sub-Annexes provide details of the Access and Interconnection Services to be provided by the Parties.
- 3.2 Access and Interconnection are made available to the Operator at defined geographical points as defined in the Sub-Annexes thereto. The Parties agree that the technical standards which shall apply are those set out in Annex E and the Parties shall comply with such standards.
- 3.3 The Point of Interconnection shall be the point at which the networks of the Parties connect and shall be a physical point where the connection can be disconnected in order to conduct testing, as indicated in Annex E. Each Party shall be wholly responsible for providing sufficient capacity on an appropriate transmission medium from the Point of Interconnection to such Party’s Network in order to meet the agreed forecasts in Clause 9. Each Party shall be wholly responsible for the operation and maintenance of the relevant transmission medium in each case.
- 3.4 The Access Seeker Interconnection Service “Collocation on Access Seeker’s Land”, as described in Sub-Annex B-13 shall connect the Parties’ Networks to carry traffic to and from both Parties networks. Implementation of other Interconnection Services may from time to time be agreed between the Parties as provided for in this Agreement.
- 3.5 For the avoidance of doubt and notwithstanding the Access and Interconnection between the Access Seeker Network and the Access Provider Network, neither Party shall hand over to the other Party, nor have an obligation to convey Calls of any category, unless the other Party has agreed to convey Calls of that category and there is express provision to convey Calls of that category in a Sub-Annex to Annex B.
- 3.6 Notwithstanding the provisions of Clause 3.5, if one Party (the “Sending Party”) hands over to the other Party (the “Receiving Party”) Calls of a category that are not referred to in Annex B of this Agreement, and the Receiving Party does not reject those Calls, but rather processes them by delivery to end-customers or to another operator, then the Receiving Party may charge the Sending Party for conveying or Interconnection Services attending processing of such Calls provided always that:
 - The Receiving Party shall notify the Sending Party immediately upon the Receiving Party becoming aware that Calls of the relevant category are being received;

- ❑ The Sending Party shall notify the Receiving Party immediately upon the Sending Party becoming aware that Calls of the relevant category are being sent;
- ❑ Unless otherwise agreed between the Parties, the Receiving Party shall cease and desist from accepting and processing such Calls as soon as is technically practicable following the instruction of the Sending Party;
- ❑ Unless otherwise agreed between the Parties, the Sending Party shall as soon as is technically practicable cease and desist from sending such Calls following becoming aware, through notification by the Receiving Party or otherwise that such Calls are being sent;
- ❑ The Receiving Party shall provide sufficient information to the Sending Party to allow the volume, duration and nature of such Calls to be determined with reasonable accuracy; and
- ❑ The Parties shall cooperate to establish the technical reason or reasons for which such Calls have been sent and received.

3.7 The Parties agree that in the event that the call conveying or Interconnection Services attending to processing of such Calls are identical to or substantially similar to call conveyancing or Interconnection Services that the Receiving Party provides to the Sending Party or to other parties on a commercial basis, then the bona fide charge rates applied by the Receiving Party for provision of such identical or substantially similar Interconnection Services will prevail. The Sending Party shall not unreasonably refuse to pay charges based upon such rates as provided for under the terms of this Clause.

3.8 In the event call conveyance or Interconnection Services attending to processing of such Calls are not identical or substantially similar to call conveyancing or Interconnection Services that the Receiving Party provides to the Sending Party or to other parties on a commercial basis, then the Parties commit to negotiate in good faith to arrive at equitable agreement regarding amounts to be charged by the Receiving Party to the Sending Party. Failing such agreement, the dispute resolution provisions of Clause 33 of this Agreement will apply.

3.9 The Parties mutually reserve the right to an option to negotiate in order to agree upon a different basis for charging to that set out in the pricing section of each Annex in accordance with the provisions of Article (46) of the Telecom Act, and Articles (81) and (82) of the Executive Regulation and (or) the relevant TRA's regulations subject to the approval of the TRA and such revised charging basis shall be made available to Requesting Parties and

Wholesale Customers (as defined in Decision No. 1152/2/10/2023 – 20)) on a non-discriminatory basis.

- 3.10** It is agreed between the Parties, and nothing in this Agreement shall be construed to mean anything to the contrary, that there will be no obligations between the Parties with respect to minimum usage commitments of the services unless specified in an Order.

4 MEASUREMENT OF INTERCONNECTION SERVICES

This Clause shall be governed with the provisions of the Telecom Executive Regulation issued by Resolution No. (144/2008) (as amended) and the A&I Regulation 1152/2/10/2023 – 20).

The notice shall specify the reason for the System Alteration, technical information in sufficient detail to allow the Requested Party to assess the extent of changes to its System and the date of the anticipated implementation.
- 5.2 The Requested Party shall notify the Requesting Party as soon as practicable, but in any event not more than one (1) month after receipt of such notice, of any alterations required to that Party's System as a result of the proposed System Alteration and, if the provisions in Clause 5.6 do not apply, a quotation for the cost of such alterations calculated on the basis of the minimum cost consistent with international best practice.
- 5.3 If the Requesting Party agrees to the alterations required to the Requested Party's System and agrees to the quotation if applicable, the Parties shall agree to a plan within two (2) months of receipt of the notice referred to in Clause 5.2 to implement the System Alteration and the resultant alterations to the Requested Party's System. The System Alteration shall be carried out and the Requested Party shall carry out such alterations to its System in accordance with the agreed plan which shall include any testing that may be necessary.
- 5.4 If the provisions in Clause 5.6 do not apply, and if the Requesting Party giving the notice pursuant to Clause 5.1 does not agree to the alterations notified to it pursuant to Clause 5.2 and/or the quotation referred to therein, the Requesting Party shall so notify the Requested Party, and the Parties shall treat the matter as a Dispute according to Clause 33 herein. - 7.2 Each Party shall keep the other Party informed at all times about planned interruptions, upgrades, and any other planned situation in its Network and other relevant facilities which will affect the exchange of Interconnection Traffic between the Parties' Networks. This will include short term very high peaks of traffic resulting from planned "tele-voting" or similar events. This will enable the parties to take the necessary action to minimise the impact of such situations on its customers.
- 7.3 The names and contact details of the persons of each Party who shall be responsible for actions in relation to the fulfilment of the obligations of the Parties with respect to operations and maintenance of their respective Networks and other relevant facilities are set out in Annex D.

The Parties shall use reasonable endeavours to provide accurate Traffic Forecasts based on achievable numbers. For the avoidance of doubt, compensation shall not be payable for inaccurate/ incorrect forecasting.

The Access Seeker commits to 80% of the numbers forecasted for April, May and June (i.e the Committed Forecast).
- 9.6 For the avoidance of doubt, where possible given the relevant order and delivery times, three (3) calendar months and ten (10) Working Days before the launch of any Service, the Access Seeker shall provide the Access Provider the first twelve (12) months’ Forecast. - 9.7 The Parties may agree in writing to modify the procedures, forms and contents of the Forecasts if and when additional Traffic Routes and/or Traffic Streams are identified or if presently planned Traffic Routes are subdivided.
- 9.8 The Parties will allow for a 20% margin of error for Forecasting. Neither Party shall be obliged to pay compensation for providing the other Party with inaccurate/incorrect forecasting. However, the Access Provider will not guarantee the quality of service to be provided if traffic is higher than forecast and outside this margin of error. The Access Provider

shall at the same time notify the Access Seeker the time it will need to be able to meet the requirements of the increased demand so as to be able to deliver at the same quality of service that it would have delivered had the demand been within the forecasted range.

- 9.9 Regardless of above, where the Requesting Party's actual numbers are less than 80% of the forecasted numbers and if Ooredoo, based on such forecasts, has purchased any equipment or facilities that cannot be reasonably used elsewhere within the network then the Requesting Party may be obliged to pay all objectively incurred costs that have been incurred by Ooredoo provided Ooredoo shall substantiate all such costs on request.

17.5 Service Delivery:

- 17.4.1 This Clause 17.5 is applicable to Accepted Orders (AO) and Accepted Requests (AR).

In the event of such a suspension and if the First Party considers that such a suspension is not justified and the Suspending Party does not agree with the First Party to terminate such suspension, then the matter may be treated by the Parties as a Dispute and dealt with in accordance with Clause 33 herein.

For the avoidance of doubt, where the nature of the need to suspend a service is such that prior TRA approval is not reasonably practicable, the Access Provider at the time of suspending the service shall serve immediately notice of the event and the reasons to the Access Seeker, sending a copy of the same to the TRA. The notice shall include the reasons for the suspension and why it was not reasonably practicable to obtain prior TRA approval.

18.2 If a Party is in material breach of any of its obligations under this Agreement (including but not limited to a failure to pay an invoice due hereunder), the other Party may serve a written notice (the "Breach Notice") on the Party in breach specifying the breach and requiring it to be remedied within:

- (i) 30 calendar days (or such other longer period as may be specified therein) from the date of receipt of such Breach Notice; or
- (ii) in case of emergency (excluding financial obligations but including circumstances as described in Clause 21 of this Agreement), within such shorter period as the Party not in breach may reasonably specify.

18.3 The Party not in breach may, until such breach is remedied in accordance with the Breach Notice, calculate a fixed penalty for such breach of which the Party receiving the Breach

Notice shall bear to pay an amount of 1/30th of the total monthly invoice issued a month earlier for services covered under this Agreement.

18.4 The Parties agree that it is difficult or impossible to determine with precision the amount of damages that would or may be incurred as a result of the Party in breach's failure to rectify the breach. It is understood and agreed by the Parties that:

- (i) the Party shall suffer damage by failure of the Party in breach to meet its obligations under this Agreement;
- (ii) it is impracticable nor possible to fix the actual damages resulting from the breach of its obligations under this Agreement;
- (iii) any liquidated damages which may become payable under this Clause 18 are in the nature of liquidated damages, and not a penalty, and are fair and reasonable; and
- (iv) the liquidated damages represent a reasonable estimate of fair compensation for the loss that may reasonably be anticipated from such failure.

It would be for the Party receiving a Breach Notice to ensure payment of amounts stated above. In case such payments are not made within the duration given under this Clause, the Party sending the Breach Notice is entitled to proceed with the steps as per Clauses 18.6, 18.7 and 18.8 herein in addition to the process stated pursuant to Clause 33 provisions under this Agreement.

18.5 If the Party is in breach of any terms of this Agreement relating to the submission of guarantee, bonds, insurance policies or delaying any renewals, or late payment of undisputed amounts thereof and fails to rectify such breach within thirty (30) calendar days following from the date of receipt of a Breach notice from the other Party, then the Party in breach shall be liable to pay liquidated damages to the Party at the rate of 1/360 of the annual contract value subject to a maximum of 30/365 of the annual contract value in respect of which such bonds, insurance policies or renewals are required to be provided under this Agreement.

18.6 If the Party makes any claim under this Clause 18 and in case the Party in breach disputes such claim then, the Parties shall promptly resort to amicably settle such claim as per the set out provision for dispute resolution under Clause (33) herein and shall be entitled until the date of settlement or the Parties fail to arrive at a settlement within the time period provided hereinabove, to adjust the claimed amount from any amount that may be due and

payable to the Party in breach under this Agreement. The Bank Guarantee may be encashed only once the dispute has been finally determined or agreed.

18.7 The Party may deduct and retain from any sums otherwise payable under this Agreement the amount of any liquidated damages payable by the Party in breach under this Clause 18. The payment of liquidated damages shall not relieve the Party in breach of its obligations to provide Services and/ and to discharge its obligations pursuant to this Agreement nor prejudice the rights of the Party to any relief or remedy to which it is or may become entitled to in consequence of any breach of this Agreement.

18.8 Subject to TRA approval, Access Provider may suspend this Agreement or any access or interconnection service provided hereunder in any of the following circumstances:

- (i) Where suspension is warranted by the failure of the Access Seeker to take action to rectify a fault condition that threatens the safety of Access Provider's network;
- (ii) A failure to correct a material breach of the terms of this Agreement, following the service of Breach Notice and the expiry of the term set out in the Breach Notice in accordance with Clause 18.2 above;

- (vi) Where Access Provider is formally directed to do so by the TRA;
- (vii) Where Access Provider is requested by formal notice in writing to do so by the Access Seeker.

18.9 If the provision of any service is suspended, then the service will not be provided, the term of the Agreement will not be affected, and unless the suspension is found to be wrongful, the suspending Party shall not be liable to the other Party for any losses or damage that the other Party may have suffered as a result of the suspension.
